

NEW SECTION

WAC 308-93-146 Vessel carbon monoxide warning decal. (1) **What is a carbon monoxide warning decal?** A carbon monoxide warning decal is displayed on a vessel to warn people of the dangers of carbon monoxide poisoning.

(2) **What vessels are required to have a carbon monoxide warning decal?** Any vessel with an engine that produces carbon monoxide by burning a carbon based fuel such as: Gas, propane, oil, diesel, or charcoal. A personal watercraft (Jet Ski type) is exempt from this rule.

(3) **How do I get a carbon monoxide warning decal?** You will receive the carbon monoxide warning decal from your vessel dealer, or vehicle/vessel licensing offices when you:

(a) Purchase a vessel from a dealer; or

(b) Renew your vessel registration; or

(c) Transfer a vessel into your name from a private sale;
or

(d) Transfer a vessel from outside the state or country with a certificate of ownership or registration to a Washington certificate of ownership or registration; or

(e) Request one through your local vehicle/vessel licensing office; or

(f) Receive one that has been approved by the Coast Guard from a boating safety organization.

(4) **Where do I attach the carbon monoxide warning decal to my boat or vessel?** You must attach it on the interior of the vessel so it is clearly visible to a person and where they may be exposed to carbon monoxide.

(5) **Is there a charge for the carbon monoxide warning decal?** No.

(6) **Will I ever have to replace my vessel carbon monoxide warning decal?** Yes, when the decal becomes faded, damaged, or is no longer readable you can request a replacement at no cost.

(7) **Will a carbon monoxide warning label installed by the manufacturer or issued by another state meet the requirements of this rule?** The department will accept any decal approved by the United States Coast Guard for similar uses in other states when transferring certificate of ownership or registration from another state.
